## Product and company identification

**Product(s):** WesternBright™ conjugates of HRP with secondary antibodies.  
**Supplier:** Advansta Inc.  
**Address:** 1505 Adams Drive, Suite B1  
Menlo Park, CA 94025  
**Phone:** 650-325-1980

This statement applies to all secondary antibody conjugates with HRP (hoarse radish peroxidase) provided for Western blotting applications. Conjugates are available as separate items or as components of kits designed for specific applications. Kits may include other additional items that may require separate MSDS.

## Composition/Information on Ingredients

WesternBright™ conjugates of various imunoglobulines and hoarse radish peroxidase supplied in solution of 10 mM Tris-HCl, 150 mM NaCl (pH 8.2).

According to the OSHA Hazard Communications Standard (29 CFR 1910.1200), if a material contains less than 1% of a hazardous chemical or less than 0.1% of a carcinogen, the mixture shall not be considered hazardous.

There are no materials or ingredients included that are considered hazardous and require reporting in this section.

This information is supplied in good faith. To the best of our knowledge, the information contained herein is accurate. However, neither the above-named supplier, nor any of its subsidiaries, assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist. These products are intended for research use only, not for diagnostic, household or any other use.
